HOW ABOUT YOUR HUNTING?

Have you got your gun cleaned up and your shells bought? You will kill very little game unless you shoot our shells.

Don't forget the fact that if your shells are not loaded right the best shooting gun does bad work. You will always "hit the bull's eye" when you are using our shells. We guarantee for our Peter's Smokeless Powder shells greater penetration, better pattern, less recoil, better combustion, better execution in every respect, therefore longer range shooting. A better bag than can be accomplished with any other smokeless powder shells made, regardless of name,

make or price, is guaranteed, and we accept every order for Peter's smokeless shells with the understanding and agreement that you can test the shells with any other make, and if you do not find that the Peters shells outshoot all others under ALL conditions, you can return them to us at our expense, and we will immediately refund you your money. Every shell is exactly alike, so if you kill at 75 yards with the first shell, you can depend on it every shell in the box will give the exact same results under the same conditions. We will sell you 2 boxes of these shells for 75c.

ALL KIND OF CHRISTMAS NICKNACS

In this line we have let the knife slip also. The line is clean and fresh and no need to cut prices here, but we do it solely to help your purse. The line consists of Oranges, Raisins, Cocoa nuts, Apples, plain and fancy candies, Ingredients for fruit cakes, Nuts, china and glass-ware suitable for presents, and lots of other things too numerous to mention. You will have to see and look through the line to fully appreciate it.

Now then we come to the things we all live for—things to eat. In this line of

GROCERIES

We have pretty much every thing you need to get up as good a meal as you usually do when company drops in. This line is what the most of us want to "fuddle" with during Christmas. We have the finest flour ever brought to this market. The company grinding the wheat this flour is made from says this, and we only repeat their own statement. It is called "Model Patent" and we sell it for only \$5.50 the barrel. This is a dandy for your cakes. It rises so well, we are almost willing to guarantee that it will push the top of your stove-off.

Here is the place to get sugar for your cakes! During this Great Six Day Sale we will sell you certain articles at "WAX DOWN" Prices. For instance, between the hours of 9 and 10 o'clock, a. m. of each day, we will sell you the famous Cloverdale Brand Tomato, (3-lbs cans that retails every where for

15c the can) 3 cans for only 25c. There is no use for us to brag on this tomato. It is put up at Cloverdale, Va., and everybody knows there is no better tomato raised than those grown on "old Virginia" soil. You are not humbugged a bit when you buy this tomato. The can is full of fruit not water.

You know what standard A granulated sugar sells at. You are now getting it at from 14 to 16 lbs to the dollar, and it is hard work to get the latter quantity given you by any of the merchants. To liven up things a little, while this sale goes on, we will during the hours of 11:30 and 12:30 of each day, sell you 21 pounds of standard A granulated sugar for \$1.00. Strictly one package to the customer, and if any person duplicates this price, upon proof of same, we will go him one pound better. We want you to have your Christmas "sweetening" just as cheap as you can get it.

Now, don't buy these bargains and then leave, for you will also need kerosene. We are going to sell Standard Oil 150 test, at 10 cent a gallon, 5 gallons to the customer. This sale goes on at 2 o'clock and comes off at 3. Only one lot of 5 gallons to the customer. If you don't happen to have anything to carry your oil home in, buy it, and wait one hour and we will sell you a 5 gallon "never fail" oil can, with good pump, for 1.65, including the oil. This is your chance to get a good oil can and it full of oil, for practically the price of the can, for these cans sell the world over for 1.50. If you want the can alone, at any time during the sale, you can get it for 1.25. You better get you one, hadn't you?

At any time during this sale we will sell you

10 pounds of loose soda for 25c

3 pks Arm and Hammer 10c

25 pounds of good Rice for 1.00
